

BRIO™

Advanced Wireless Technology For Bluetooth Enabled Phones

The BRIO BH-200 headset is ultra light and features outstanding comfort. Its advanced wireless technology provides exceptional sound quality and a cordless connection of up to 30 feet with your Bluetooth enabled phone.

- Comfortable and ultra lightweight (only 0.42 ounce)
- Removable earhook can be adjusted for left or right ear
- Up to 8 hours talk time / 200 hours standby time
- Includes wall charger, additional speaker cover, user manual, and 12-month warranty.

BRIO BH-200 calling features include: voice dial, last number redial, call reject, microphone mute, and call waiting. (Voice dial and last number redial features are network dependent.) BH-200 is compliant with Bluetooth specification 2.0 and supports hands-free profile 1.5 and headset profile 1.1.

The BRIO BH-200's retail packaging is highly compact and designed to increase your Bluetooth headset sales. The clamshell package can be displayed on a shelf or from a hook.
